

Combined alarm device, 12V DC, red

Part No.: 766240

Approval:

Description

Alarm device as per DIN 33404-3 and EN 457.

For indoor and outdoor installation (with 766237). Alarm sounder and flashing light may be activated separately. Floating tone going by 1 HZ beat between 1200 and 500 HZ (DIN tone).

Technical Data

Operating voltage	9 ... 15 V DC
Alarm current @ 12 V DC	approx. 100 mA (flash lamp)
Strength of light	10 cd
Frequency of flash	approx. 1 Hz
Lighting energy	0.7 J
Ambient temperature	-10 °C ... 55 °C
Storage temperature	-15 °C ... 60 °C
Type of protection	IP 54, IP 65 (with 766237 without clips)
Material	ABS plastic (UV-stabilised)
Color	red, similar to RAL 3001
Weight	approx. 350 g
Abmessungen	Ø: 93 mm H: 92 mm Ø: 93 mm H: 120 mm (incl. base)

Accessories

766237 IP65 base red

767800 Mounting bracket

Additional information

Also available with cable entry at the side, possible with 766237 (see accessories).
