

# Fire Alarm Control Panel IQ8Control C for 19" cabinet

**Part No.:** 808139  
**Approval:** VdS, CNBOP, BOSEC

## Description

The IQ8Control C, the upgrade of the well-established intelligent FACP 8000C, stands out with its high processing speed. Decentralised control and monitoring function can be realised on the analog ring loop as well as on the spur.

Within the multifunctional IQ8Control C panel, the operation type (powered-loop or non-powered-loop) can be selected via a jumper located on the control panel power supply unit.

Depending on which loop operation type has been selected, the respective loop module / modules are need to be.

## Technical Data

<b>Rated voltage</b>	230 V AC
<b>Rated frequency</b>	50 ... 60 Hz
<b>Rated current</b>	0.35 A (standard); 0,7 A (powered loop)
<b>Quiescent current</b>	approx. 215 mA (basic configuration without operating unit) approx. 230 mA (basic configuration with operating unit)
<b>Current consumption for ext. devices</b>	2 A
<b>Ambient temperature</b>	-5 °C ... 45 °C
<b>Storage temperature</b>	-5 °C ... 50 °C
<b>Type of protection</b>	IP 30
<b>Housing</b>	ABS, 10% glass fibre reinforced, V - 0
<b>Color</b>	gray similar to Pantone 538
<b>Weight</b>	approx. 6.5 kg
<b>Abmessungen</b>	W: 450 mm H: 320 mm D: 185 mm

## Additional information

The operating front must be ordered separately and is not included in the price.
