

The latest addition to our All-in-One concept is a 95 mm<sup>2</sup> universal terminal mounting kit, KE62SET including three grey terminals, one blue and one yellow-green terminal. Similar mounting kit is also available for 50 mm<sup>2</sup> terminals; KE61SET.

KE53.2 is an equipment terminal for 16 – 95 mm<sup>2</sup> Al/Cu conductors. In the All-in-One concept the product number is KE53.2T including 3 pcs of KE53.2 terminal, and the screws and nuts needed for installation.

Ensto Cubo T1 is an enclosed terminal. The enclosure is of high-quality polycarbonate with a grey cover, IP 66/67 – therefore being suitable also for outdoor use. The terminal is KR8121 compact terminal block, 12-pole. One product number includes 14 different items which you earlier had to buy separately! Considerable amount of time is saved!

**Please, note that the product code means one bag of products!**
