

**EFPPH8****Frost protection cable**

Code	EFPPH8
GTIN	6418677638695
ENumber	
Name	Frost protection cable Frost protection cable 8 m, 80 W
Description	The PLUG'n HEAT frost protection cable is made of a self-regulating heating cable, so no thermostat is needed. It is safe to use as there is no danger of overheating. The heating cable is covered with a sheath of fluoropolymer, which makes it suitable for use inside drinking water pipes. _x000D_ _x000D_ TECHNICAL SPECIFICATION _x000D_ 230 V, earthed plug. A 30 mA residual current circuit breaker (RCCB) is recommended to be used with the cables. _x000D_
Vendor	Ensto Finland Oy

**Technical specification****Dimensions**

Length: 8 m

Electrical values

Power (W/m/10°C): 10

Ratings

Rated voltage: 230 V

Degree of protection: IP68

Power: 80 W

ETIM class: EC000339
