FTTH Customer Outlet

V.3.1

Description

This wall termination box is designed for FTTH applications, with similar dimensions to existing telephone connections it is well suited to home or office environments. The box can allow up to 4 fibres whilst maintaining the minimum bend radius. A variety of adaptors (LC/SC, ST & square FC) can be used giving the user a flexible solution.

Features

► **Allows SC, LC, ST and square FC adaptors to be installed**
► **Integral fibre management**
► **Accommodates splice protectors**
► **Multi point fibre entry**
► **Shutters for non-live ports**
► **Standard colour white**

Applications

► **FTTx (Home/Office)**
